As many of you who were at the October meeting may remember I was looking for a 1/48 Tamiya Fw 190 windscreen. I got a glue gizzie on mine when I put it on and need a replacement. I know you all went home and spent countless hours digging through your spare parts bins on my behalf... If anyone might just have one of those, I’d be eternally grateful if you could part with it for my sake.
 Thanks. Mongo email: mongo1956@zoomtown.com

Interested in writing an article or taking photos? The *CSM Debrief* is looking for original info on models, workbench techniques, or Roadside Relics you may see. Send them to the editor for possible publication. The “Debrief” is available by post or email (to save postage, trees, and hassle, I recommend email!). It is also posted each month on the CSM club website.

Weather Note: With thunderstorms and heat at times, if it so happens on our appointed meeting day there is a severe weather event the club officers will evaluate if the meeting should be held. If the decision is to cancel the meeting we will make an attempt by phone or email to contact you. Don't want anyone venturing out on a bad day!

2013 CSM Contest "Quick and Dirty" report by Don Flynn

Hey Guys,

Good news is we made money on the show, looks like \$1100.00 bucks from 1st returns. That can change when we triple check things but not by more the \$200 bucks, I need to go through the books with Eric R.

Raffle broke even this year, we think we had 74 contestants (some sort of issue with numbering) with 260 models (no one got a good count IIRR) and 150 general admissions. Attendance was down over past shows, we know what a nice day it was and that I think hurt us. Nothing we can do about the weather...I always *pray* for rain myself. ☺

Nearly all the vendors reported a decent day. Everything went better than I thought it would, we had plenty of setup and teardown help. The Wright Field guys really helped with judging and I've already sent them a thank you note.

Good Job guys!!! (A more detailed report with photos and contest results will be in an issue of the *Debrief* to come...)
